

## Illuminated

One of the most effective ways to draw attention to your visual communication is through an additional lighting source.

Full inhouse manufacturing capabilities allows flexibility of design, construction & installation. Whether traditional box shaped or customized to suit your design or building features. Council permits where required arranged & followed through to completion. Choice of brilliant digital images to bold impact translucent lettering & graphics.

The range of options is extensive from the spotlight, continuous trough light, or flexi-faced sign, to the fully illuminated light box. Individual built-up letters can also be enhanced to give a halo, rim or face illumination. Careful choice of colour and intensity can give a superb even illumination. We are pleased to assist you in the preparation of a list of options to give you the “right light design for the job”.
